

Families Living Below Poverty Level (Percent)

Source: <http://www.healthytexas.org/modules.php?op=modload&name=NS-indicator&file=map&iid=14063779>

There may be advantages to moving into areas with lower concentration of families living in poverty. They may include:

- Increased safety in lower-crime neighborhoods
- Improved schools for children
- Better proximity to jobs or job opportunities
- Improved access to neighborhood resources such as grocery stores, health care providers, etc...

www.healthytexas.org will allow you to pull income statistics by zip code under the community dashboard tab.
